

3<sup>rd</sup> March 2021

From 1<sup>st</sup> March 2021, if you're a member of a household, childcare bubble or support bubble of staff or a pupil you can get a twice-weekly test:

- through your employer if they offer testing to employees
- at a local test site
- by collecting a home test kit from a test site
- by ordering a home test kit online

Please consider testing your household as it will add to the many measures we have in place to keep the school safe and open to all children. If testing at home, we recommend Sunday evening and Wednesday each week.

Yours

Ben Tull  
Headteacher

### ***Get a test through your employer***

Your workplace may offer rapid lateral flow testing to you. Contact your employer to find out more.

### ***Take a test at a rapid lateral flow test site***

You can take a rapid lateral flow test at a local site. Testing at these sites is assisted, which means you will swab yourself under the supervision of a trained operator. You may need to book an appointment.

[Find your nearest rapid lateral flow test site.](#)

### ***Collect test kits***

You can collect 2 packs of home test kits at a local collection point. Each pack contains 7 tests. Anyone 18 or over can collect. You can check online if the location is busy before you go.

[Find your nearest home test kit collection point.](#)

### ***Order home test kits online***

If you cannot get tested at your workplace, or are unable to go to a test site or collect test kits, you can order a home test kit online. Do not order online if you can get a test through other methods. This frees up home delivery for those who need it most.
