Year 4

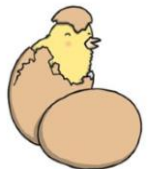

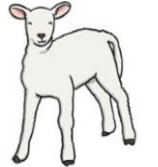

Spring

Choose a project that you would like to complete and upload a photograph.

*Make an Easter basket.
You could recycle things around the house. Don't forget to decorate it!*

Try some planting activities. Plant some seeds. Fill a flowerpot with soil, water and watch them grow.

Make some treats to share with your family. Write out the recipe, so that other people can make them.

Maths Challenge

Your mission is to make a mathematical board game for children aged 8 – 9 years old. Your game should include a Spring time theme and a set of instructions.

Ask yourself these questions when planning your game:

- How am I going to include maths in my game?
- How will the players move around the board?
- Should there be extra tasks to complete such as activities on cards?
- Do I need to make counters?
- Do I need to make dice using the net of a cube?

Have fun!
