Dear Parents/Carers

**Message from Mrs Rawlins - curriculum**

It has been lovely to welcome back our children into school this week, and to catch up again with parents and carers after such a long while!

I just wanted to let you know about a whole-school focus for some of our work over the next two weeks. As we all return to school, we wanted to have a shared experience for part of our work, and we will be using the picturebook 'Here We Are – Notes for living on Planet Earth', by Oliver Jeffers to do help us with our reading and writing, but also with other curriculum subjects (our Maths work will continue as usual). Mrs Armitage has made us a lovely video of her reading the book, and you may want to enjoy sharing it at home with your child: <https://safeshare.tv/x/Be-bCXp5gQE>. I will also put this link on the Home Learning Hub on the school website.

From Monday 28<sup>th</sup> September, we will be picking up our regular curriculum, with adaptations to teaching which will enable us to support children to be getting back on track with their learning after such a long time away from school. We will send home our usual curriculum overview information in the week before, so that you are aware of the teaching and learning going on for the rest of the half-term.

Wishing you a very happy weekend!

Yours sincerely

Diane Rawlins  
Deputy Headteacher
