- (b) Canvassing, directly or indirectly, an employee or governor will disqualify the application.
- (c) Candidates recommended for appointment will be required to provide a satisfactory Enhanced DBS certificate and complete a pre-employment medical questionnaire and may be required to undergo a medical examination.

Staff, Governors and Volunteers Code of Conduct

Arbury Primary School

1 Introduction

- 1.1 This Code of Conduct ('the Code') sets out the professional standards expected and the duty upon staff, governors and volunteers to abide by it. All staff, governors and volunteers have a duty to keep pupils safe, promote their welfare and to protect them from sexual, physical and emotional harm. This duty is, in part, exercised through the development of respectful, caring and professional relationships between adults and pupils and behaviour by adults that demonstrate integrity, maturity and good judgement. Following this Code will help to safeguard staff, governors and volunteers from being maliciously, falsely or mistakenly suspected or accused of misconduct in relation to pupils and the Required Professional Standards.
- 1.2 Staff, governors and volunteers must feel able to raise issues of concern and everyone must fully recognise the duty to do so particularly in terms of child protection. Adults have a duty to report any child protection or welfare concerns to the designated member of staff in school. Anyone who has concerns must follow the school's Whistleblowing Policy which is available from the policy section of the server. A member of staff who, in good faith, "whistleblows" or makes a public interest disclosure will have the protection of the relevant legislation.
- 1.3 This Code cannot provide an exhaustive list of what is, or is not, appropriate behaviour for staff, governors or volunteers. However, it does highlight behaviour that is illegal, inappropriate or inadvisable in relation to the Required Professional Standards. There will be occasions and circumstances in which staff, governors or volunteers have to make decisions or take action in the best interests of the pupil where no specific guidance has been given. Adults are expected to make responsible and informed judgements about their own behaviour in order to secure the best interests and welfare of the pupils for which that individual is responsible.
- 1.4 Any member of staff who is found to have committed a breach of this Code will be subject to disciplinary action. Such behaviour may constitute gross misconduct and, as such, may result in summary dismissal. The governing body will take a strict approach to serious breaches of this Code.
- 1.5 Where it is alleged that a member of staff, a governor or volunteer has:
- behaved in a way that has harmed a child, or may have harmed a child;
 - possibly committed a criminal offence against or related to a child; or,
 - behaved towards a child or children in a way that indicates s/he would pose a risk of harm to children

then the governing body will follow the school's Statement of Procedures for Dealing with Allegations of Abuse Against Teachers and Other Staff and Volunteers, the Whistleblowing policy and the guidance set out in Part Four of [Keeping Children Safe in Education DfE](#) July 2015.

2 Expected Professional Standards

- 2.1 All staff, governors and volunteers as appropriate to the role and/or job description of the individual, must:
- place the well-being and learning of pupils at the centre of their professional practice.
 - have high expectations for all pupils, be committed to addressing underachievement, and work to help pupils progress regardless of their background and personal circumstances.
 - treat pupils fairly and with respect, take their knowledge, views, opinions and feelings seriously, and value diversity and individuality.
 - model the characteristics they are trying to inspire in pupils, including enthusiasm for learning, a spirit of enquiry, honesty, tolerance, social responsibility, patience, and a genuine concern for other people.
 - respond sensitively to the differences in the home backgrounds and circumstances of pupils, recognising the key role that parents and carers play in pupils' education.
 - seek to work in partnership with parents and carers, respecting their views and promoting understanding and co-operation to support the young person's learning and well-being in and out of school.
 - reflect on their own practice, develop their skills, knowledge and expertise, and adapt appropriately to learn with and from colleagues.
 - ensure that the same professional standards are always applied regardless of culture, disability, gender, language, racial origin, religious belief and/or sexual identity.
- 2.2 Teachers are required to comply with the [Teachers' Standards September 1st 2012](#), in particular Part 2 Personal and Professional Standards.
- 2.3 All staff governors and volunteers must be familiar with and act in accordance with [Part 1 of Keeping Children Safe in Education DfE](#) July 2015

3 Confidentiality

- 3.1 As data controllers, all schools are subject to the Data Protection Act 1998. In addition, teachers owe a common law duty of care to safeguard the welfare of their pupils. This duty is acknowledged in the provisions governing disclosure of information about pupils.
- 3.2 Members of staff and governors may have access to confidential information about pupils in order to undertake their responsibilities. In some circumstances the information may be sensitive and/or confidential. Confidential or personal information about a pupil or her/his family must never be disclosed to anyone other than on a need to know basis. In circumstances where the pupil's identity does not need to be disclosed the information should be used anonymously. Information must never be used to intimidate, humiliate, or embarrass the pupil.

- 3.3 There are some circumstances in which a member of staff may be expected to share information about a pupil, for example when abuse is alleged or suspected. In such cases, individuals have a duty to pass information on without delay to those with designated pupil protection responsibilities.
- 3.4 Confidential information about pupils must be held securely. Confidential information about pupils must not be held off the school site other than on security protected school equipment. Information must only be stored for the length of time necessary to discharge the task for which it is required.
- 3.5 If a member of staff is in any doubt about the storage or sharing of information s/he must seek guidance from a senior member of staff. Any media or legal enquiries must be passed to senior management.

4 Propriety, Behaviour and Appearance

- 4.1 All adults working with children have a responsibility to maintain public confidence in their ability to safeguard the welfare and best interests of pupils. They should adopt high standards of personal conduct in order to maintain the confidence and respect of their colleagues, pupils and the public in general. An individual's behaviour or actions, either in or out of the workplace, should not compromise her/his position within the work setting or bring the school into disrepute. The misuse of drugs, alcohol or acts of violence would be examples of such behaviour.
- 4.2 A person's dress and appearance are matters of personal choice and self-expression. However staff, governors and volunteers must ensure they are dressed in ways which are appropriate to their role and not likely to be viewed as offensive, revealing or sexually provocative and specifically should not distract, cause embarrassment or give rise to misunderstanding, should be culturally sensitive and free of any political or otherwise contentious slogans, and not considered to be discriminatory. Those who dress or appear in a manner which may be considered as inappropriate could render themselves vulnerable to criticism or allegations of misconduct.
- 4.3 Personal property of a sexually explicit nature such as books, magazines, CDs, DVDs or such material on any electronic media must not be brought onto or stored on the school premises or on any school equipment.

5 Sexual Contact with Children and Young People and Abuse of Trust

- 5.1 A relationship between an adult and a child or young person is not a relationship between equals. There is potential for exploitation and harm of vulnerable young people. Adults should maintain appropriate professional boundaries and avoid behaviour which might be misinterpreted by others. They should report any incident with this potential.
- 5.2 Any sexual behaviour or activity, whether homosexual or heterosexual, by a member of staff, governor or volunteer with or towards a child or young person is illegal. Children and young people are protected by the same laws as adults in relation to non-consensual sexual behaviour. They are additionally protected by specific legal provisions regardless of whether there is consent or not. Where a person aged 18 or over is in a specified position of trust with a child or young person under 18 years, the Sexual Offences Act 2003 makes it an offence for that person to engage in sexual activity with or in the presence of that child or to cause or incite that child to engage in or watch sexual activity.
- 5.3 Sexual behaviour includes non-contact activities, such as causing a child or young person to engage in or watch sexual activity or the production of indecent images of children. 'Working Together to Safeguard Children' defines sexual abuse as "forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening".
- 5.4 Staff, governors and volunteers must not have sexual relationships with pupils, have any form of communication with a child or young person which could be interpreted as sexually suggestive or provocative i.e. verbal comments, letters, notes, texts, electronic mail, phone calls, social networking contact or physical contact. The adult should not make sexual remarks to, or about, a child or young person or discuss their own sexual relationships with or in the presence of pupils. Staff, governors and volunteers should take care that their language or conduct does not give rise to comment or speculations. Attitudes, demeanour and language all require care and thought.
- 5.5 There are occasions when adults embark on a course of behaviour known as 'grooming' where the sole purpose is to gain the trust of a child or young person, and manipulate that relationship so that sexual abuse can take place. Staff, governors and volunteers should be aware that conferring special attention without good reason or favouring a pupil has the potential to be construed as being part of a 'grooming' process, which is a criminal offence.

6 Infatuations and Crushes

- 6.1 A child or young person may develop an infatuation with an adult who works with them. A member of staff or volunteer, who becomes aware that a pupil may be infatuated with him/herself or a colleague, must report this without delay to a senior colleague so that appropriate action can be taken to avoid any hurt, distress or embarrassment. The situation will be taken seriously and the adult should be careful to ensure that no encouragement of any kind is given to the pupil. It should also be recognised that careless and insensitive reactions may provoke false accusations.

6.2 Examples of situations which must be reported are given below:

- Where a member of staff or volunteer is concerned that he or she might be developing a relationship with a pupil which could have the potential to represent an abuse of trust,
- Where a member of staff or volunteer is concerned that a pupil is becoming attracted to him or her or that there is a developing attachment or dependency.
- Where a member of staff or volunteer is concerned that actions or words have been misunderstood or misconstrued by a pupil such that an abuse of trust might be wrongly suspected by others.
- Where a member of staff or volunteer is concerned about the apparent development of a relationship by another member of staff or volunteer, or receives information about such a relationship

7 Gifts

- 7.1 It is against the law for public servants to take bribes. Staff, governors and volunteers need to take care that they do not accept any gift that might be construed by others as a bribe, or lead the giver to expect preferential treatment. There are occasions when pupils or parents wish to pass small tokens of appreciation to staff e.g. at Christmas or as a thank-you and this is acceptable. However, it is unacceptable to receive gifts on a regular basis or of any significant value.
- 7.2 Personal gifts must not be given to pupils. This could be misinterpreted as a gesture either to bribe, or single out the young person. It might be perceived that a 'favour' of some kind is expected in return. Any reward given to a pupil should be consistent with the school's behaviour or rewards policy, recorded, and not based on favouritism.

8 Social Contact and Social Networking

- 8.1 Communication between pupils and adults, by whatever method, should take place within clear and explicit professional boundaries. This includes the wider use of technology such as mobile phones, text messaging, emails, digital cameras, videos, web-cams, websites and blogs. Staff and volunteers should not share any personal information with pupils. They should not request, or respond to, any personal information from the child/young person, other than that which might be appropriate as part of their professional role. If a pupil seeks to establish social contact, or if this occurs coincidentally, the adult should exercise his or her professional judgment in making a response and should ensure that all communications are transparent and open to scrutiny.
- 8.2 Staff and volunteers must not give their personal contact details such as home/mobile phone number; home or personal e-mail address or social networking details to pupils unless the need to do so is agreed in writing with senior management.

- 8.3 It is recommended that staff ensure that all possible privacy settings are activated to prevent pupils from making contact on personal profiles and to prevent students from accessing photo albums or other personal information which may appear on social networking sites.
- 8.4 Staff must not have any pupils or any ex-pupils under the age of 18 as friends on their social networking sites. Staff are advised not to have any online friendships with any young people under the age of 18, unless they are family members or close family friends. Staff are advised not to have online friendships with parents or carers of pupils, or members of the governing body/trustees. Where such on line friendships exist, staff must ensure that appropriate professional boundaries are maintained.
- 8.5 Staff are personally responsible for what they communicate in social media and must bear in mind that what is published might be read by us, pupils, the general public, future employers and friends and family for a long time. Staff must ensure that their on-line profiles are consistent with the professional image expected by us and should not post material which damages the reputation of the school or which causes concern about their suitability to work with children and young people. Those who post material which may be considered as inappropriate could render themselves vulnerable to criticism or allegations of misconduct which may be dealt with under the school's disciplinary procedure. Even where it is made clear that the writer's views on such topics do not represent those of the Arbury Primary School, such comments are inappropriate.

9 Physical Contact and Personal Privacy

- 9.1 There are occasions when it is entirely appropriate and proper for staff to have physical contact with pupils, but it is crucial that they only do so in ways appropriate to their professional role. When physical contact is made with pupils this should be in response to their needs at the time, of limited duration and appropriate given their age, stage of development, gender, ethnicity, culture and background. It is not possible to be specific about the appropriateness of each physical contact, since an action that is appropriate with one pupil in one set of circumstances may be inappropriate in another, or with a different pupil.
- 9.2 Physical contact should never be secretive or casual, or for the gratification of the adult, or represent a misuse of authority. If a member of staff or volunteer believes that an action could be misinterpreted, the incident and circumstances should be reported as soon as possible.
- 9.3 Physical contact, which occurs regularly with a pupil or pupils, is likely to raise questions unless the justification for this is part of a formally agreed plan (for example in relation to pupils with SEN or physical disabilities). Any such contact should be the subject of an agreed and open school policy and subject to review. Where feasible, staff should seek the pupil's permission before initiating contact. Staff should listen, observe and take note of the pupil's reaction or feelings and – so far as is possible - use a level of contact which is acceptable to the pupil for the minimum time necessary.

- 9.4 There may be occasions when a distressed pupil needs comfort and reassurance. This may include age-appropriate physical contact. Staff should remain self-aware at all times in order that their contact is not threatening, intrusive or subject to misinterpretation.
- 9.5 Where a member of staff has a particular concern about the need to provide this type of care and reassurance s/he should seek further advice from a senior manager.
- 9.6 Some staff, for example, those who teach PE and games, or who provide music tuition will on occasions have to initiate physical contact with pupils in order to support a pupil so they can perform a task safely, to demonstrate the use of a particular piece of equipment/instrument or assist them with an exercise. This should be done with the pupil's agreement. Contact under these circumstances should be for the minimum time necessary to complete the activity and take place in an open environment. Staff should remain sensitive to any discomfort expressed verbally or non-verbally by the pupil
- 9.7 Pupils are entitled to respect and privacy when changing clothes or taking a shower. However, there needs to be an appropriate level of supervision in order to safeguard pupils, satisfy health and safety considerations and ensure that bullying or teasing does not occur. This supervision should be appropriate to the needs and age of the pupils concerned and sensitive to the potential for embarrassment.
- 9.8 Staff with a job description which includes intimate care duties will have appropriate training and written guidance. No other member of staff or volunteer should be involved in intimate care duties except in an emergency.

10 Behaviour Management and Physical Intervention

- 10.1 All pupils have a right to be treated with respect and dignity. Corporal punishment is unlawful in all schools. Staff and volunteers must not use any form of degrading treatment to punish a pupil. The use of sarcasm, demeaning or insensitive comments towards pupils is not acceptable in any situation. Deliberately intimidating pupils by shouting aggressively, hectoring or overbearing physical presence is not acceptable in any situation. Any sanctions or rewards used should be part of the [Behaviour Management policy].
- 10.2 Physical intervention can only be justified in exceptional circumstances. Non-statutory guidance is available from the Department of Education website. See 'Guide for Heads and School Staff on behaviour and discipline (including reasonable force) for maintained schools' and 'Use of reasonable force - advice for Head Teachers, Staff and Governing Bodies for all Schools and Academies. Staff may legitimately intervene to prevent a pupil from committing a criminal offence, injuring themselves or others, causing damage to property, engaging in behaviour prejudicial to good order and to maintain good order and discipline. Staff should have regard to the health and safety of themselves and others. Under no circumstances should physical force be used as a form of punishment. The use of unwarranted physical force is likely to constitute a criminal offence. [The school has a separate policy on the use of physical intervention].

- 10.3 All schools must have trained first aiders/appointed persons. Staff must have had the appropriate training before administering first aid or medication except in an emergency.

11 One to One Situations and Meetings with Pupils

- 11.1 One to one situations have the potential to make children/young persons more vulnerable to harm by those who seek to exploit their position of trust. Adults working in one to one settings with pupils may also be more vulnerable to unjust or unfounded allegations being made against them. Staff must recognise this possibility and plan and conduct such meetings accordingly. Every attempt should be made to ensure that the safety and security needs of both staff and pupils are met. Managers should undertake a risk assessment in relation to the specific nature and implications of one to one work for each worker and pupil. Where such a meeting is demonstrably unavoidable it is advisable to avoid remote or secluded areas of the school and to ensure that the door of the room is left open and/or visual/auditory contact with others is maintained. Any arrangements should be reviewed on a regular basis.
- 11.2 Pre-arranged meetings with pupils away from the school premises or on the school site when the school is not in session are not permitted unless written approval is obtained from their parent/ guardian and the head teacher or other senior colleague with delegated authority.
- 11.3 No child or young person should be in or invited into, the home of an adult who works with them, unless the reason for this has been established and agreed with parents/carers and a senior manager/Head teacher.

12 Transporting Pupils

- 12.1 In certain situations e.g. out of school activities, staff, governors or volunteers may agree to transport pupils. Transport arrangements should be made in advance by a designated member of staff. Wherever possible and practicable transport should be provided other than in private vehicles, with at least one adult additional to the driver acting as an escort.
- 12.2 Adults should ensure that their behaviour is safe and that the transport arrangements and the vehicle meet all legal requirements. They must ensure that the vehicle is roadworthy and appropriately insured and that the maximum capacity is not exceeded
- 12.3 It is inappropriate for staff to offer lifts to a pupil outside their normal working duties, unless this has been brought to the attention of the line manager and has been agreed with parents/carers.
- 12.4 There may be occasions where a pupil requires transport in an emergency situation or where not to give a lift may place a pupil at risk. Such circumstances must always be recorded and reported to a senior manager and parents/carers.

13 Educational Visits and School Clubs

- 13.1 Staff and volunteers should take particular care when supervising pupils in the less formal atmosphere of an educational visit, particularly in a residential setting, or after-school activity. Staff and volunteers remain in a position of trust and the same standards of conduct apply. Please refer to the school's policy on educational visits.

14 Curriculum

- 14.1 Many areas of the curriculum can include or raise subject matter which is sexually explicit, or of an otherwise sensitive nature. Care should be taken to ensure that resource materials cannot be misinterpreted and clearly relate to the learning outcomes identified by the lesson plan. This plan should highlight particular areas of risk and sensitivity.
- 14.2 The curriculum can sometimes include or lead to unplanned discussion about subject matter of a sexually explicit or otherwise sensitive nature. Responding to pupils' questions can require careful judgement and staff must take guidance in these circumstances from a senior member of staff. Staff and volunteers must not enter into or encourage inappropriate discussion about sexual activity or behaviour.
- 14.3 Please refer to the School's policy on sex and relationships education.

15 Photography, Videos and other Creative Arts

- 15.1 Please refer to the school's guidance on the use of images and the consent forms therein.
- 15.2 Many school activities involve the taking or recording of images. This may be undertaken as part of the curriculum, extra school activities, for publicity, or to celebrate achievement. The Data Protection Act 1998 affects the use of photography. An image of a child is personal data and it is, therefore, a requirement under the Act that consent is obtained from the parent of a child before any images are made such as those used for school web sites, notice boards, productions or other purposes.
- 15.3 Staff need to be aware of the potential for such images to be misused to create indecent images of children and/or for 'grooming' purposes. Careful consideration should be given as to how these activities are organised and undertaken. There should be an agreement as to whether the images will be destroyed or retained for further use, where these will be stored and who will have access to them.
- 15.4 Staff should remain sensitive to any pupil who appears uncomfortable and should recognise the potential for misinterpretation. It is also important to take into account the wishes of the child, remembering that some children do not wish to have their photograph taken.
- 15.5 Adults should only use equipment provided or authorised by the school to make/take images and should not use mobile telephones or any other similar devices to make/take images.

15.6 The following guidance must be followed:

- if a photograph is used, avoid naming the pupil
- if the pupil is named, avoid using the photograph
- photographs/images must be securely stored and used only by those authorised to do so.
- be clear about the purpose of the activity and about what will happen to the photographs/images when the lesson/activity is concluded
- ensure that a senior member of staff is aware that the photography/image equipment is being used and for what purpose.
- ensure that all photographs/images are available for scrutiny in order to screen for acceptability
- be able to justify the photographs/images made
- do not take photographs in one to one situations.
- do not take, display or distribute photographs/images of pupils unless there is consent to do so.

16 Whistleblowing and Cyber-Bullying

16.1 Staff who have concerns about any alleged abuse or inappropriate use of ICT resources, virtual learning environments, camera/recording equipment, telephony, social networking sites, email or internet facilities or inappropriate communications, whether by pupils, parents, carers or staff, or others should alert the Headteacher. Where a concern relates to the Headteacher, this should be reported to the Chair of Governors. If a matter concerns child protection it should also be reported to the Designated Child Protection Officer.

16.2 Cyber-bullying can be experienced by staff as well as pupils. Staff should notify the Headteacher if they are subject to cyber-bullying. The school will endeavour to protect staff and stop any inappropriate conduct.

17 Unacceptable Use of ICT Facilities and Monitoring

17.1 Posting, creating, accessing, transmitting, downloading, uploading or storing any of the following material (unless it is part of an authorised investigation) is likely to amount to gross misconduct and result in summary dismissal (this list is not exhaustive):

- a) pornographic or sexually suggestive material or images of children or adults which may be construed as such in the circumstances (that is, writing, texting, pictures, films and video clips of a sexually explicit or arousing nature),
- b) any other type of offensive, obscene or discriminatory material or criminal material or material which is liable to cause distress or embarrassment to the school or others.

- 17.2 The contents of our ICT resources and communications systems are our property. Therefore, staff should have no expectation of privacy in any message, files, data, document, facsimile, telephone conversation, social media post, conversation or message, or any other kind of information or communications transmitted to, received or printed from, or stored or recorded on our electronic information and communications systems.
- 17.3 We reserve the right to monitor, intercept and review, without further notice, staff usage of our IT resources and communications systems, including but not limited to telephone, e-mail, messaging, voicemail, CCTV, internet and social media postings and activities, to ensure that our rules are being complied with and for the following purposes:
- a) to monitor whether the use of the e-mail system or the internet is legitimate and in accordance with this Code:
 - b) to assist in the investigation of alleged wrongful acts; or
 - c) to comply with any legal obligation
- 17.4 Staff consent to monitoring by acknowledgement of this Code and the use of our resources and systems. We may store copies of data or communications for a period of time after they are created, and may delete such copies from time to time without notice. If necessary information may be handed to the police in connection with a criminal investigation.
- 17.5 A CCTV system monitors the School 24 hours a day. This data is recorded and may be used as evidence of any alleged wrong doing.

18 Reporting Concerns and Recording Incidents

- 18.1 All staff, governors and volunteers must report concerns and incidents in accordance with the guidance set out in [Keeping Children Safe in Education DfE July 2015](#), the school whistleblowing policy and/or the managing allegations of abuse policy. The following is a non-exhaustive list of behaviours which would be a cause for concern:

An adult who:

- Allows a pupil/young person to be treated badly; pretends not to know it is happening
- Gossips/shares information inappropriately (Including discussing children other than with their parent / carer.)
- Demonstrates inappropriate discriminatory behaviour and/or uses inappropriate language
- Dresses in a way which is inappropriate for the job role
- Does not treat pupils fairly - demonstrates favouritism
- Demonstrates a lack of understanding about personal and professional boundaries
- Uses his/her position of trust to intimidate, threaten, coerce or undermine
- Appears to have an inappropriate social relationship with a pupil or pupils
- Appears to have special or different relationships with a pupil or pupils
- Seems to seek out unnecessary opportunities to be alone with a pupil

Dear Parents/Carers,

This booklet is for the parents and carers of all children at this school and for the families of children who will join the school soon. We hope that it will give you some idea of the day to day running of our school. We look forward to getting to know you and your child.

We welcome you into school, and value the advice and experience you can bring to help us in educating your child.

The education of young children needs to be shared in a partnership between home and school. This is your school, and with your help and support we can give your child the understanding, care and sense of purpose that we feel is necessary to develop their full potential.

If you have any questions at all, please do not hesitate to come in and see us about them.

Yours sincerely

Ben Tull

About the School

Arbury Primary School has a strong reputation in the community and has been full in many year groups for a number of years.

Opened in January 1956, Arbury Primary School caters for children between the ages of 4 and 11 years. Our older building means that we have plenty of space both indoors and outside. The main building has two well-equipped halls and a separate dining area. One of our halls is set up for sport and the other for drama productions with a stage, lighting and sound. There are 15 classrooms in the main building, one of which has been converted into an ICT suite.

The outdoor space is exceptionally good, consisting of two playgrounds and a very large playing field offering children enormous scope for outdoor play and games activities.

The school has been graded as either 'Good' or 'Outstanding' by Ofsted for the 14 years that the current headteacher has run the school. Our latest report, published in April 2018, is our most positive report to date and really does capture the 'special ethos' of our happy school. We are all very proud of this achievement and continue to work to find further ways to increase the opportunities for children who attend our school whilst ensuring that the needs and wellbeing of our children remain at the forefront.

School Governors

The Governing Body works closely with the Headteacher in the management of the school. It meets regularly once each half term with additional sub-committee meetings to discuss matters such as financial management, curriculum issues, maintenance of the building and personnel. The minutes of meetings and other documents are available to all parents/carers. Please enquire at the school office. The Governors are always happy to talk with parents/carers about any matters relating to school and their children. A governor photo board is displayed in the main entrance to the school.

Please enquire at the school office for a full copy of our equality policy.

What We Teach

We aim to provide a broad and balanced curriculum at Arbury Primary School. The curriculum operates within the framework of our policy of offering Equal Opportunities to all pupils.

English, Mathematics, Computing, Science and Physical Education are the core of the School's curriculum, and great emphasis is placed on teaching the basic skills of reading, writing, speaking and using Mathematics. We believe that children can nearly always take part in a PE lesson in some capacity if they are able to attend school. Our policy is that children will take part in PE lessons unless a doctor's note advises in writing against it.

Other National Curriculum subjects are Design and Technology, Music, Geography, History, Art, PSHE and Languages in KS2. Religious Education follows the County's Agreed Syllabus.

A carefully planned and well-organised curriculum offers opportunities for children to study aspects of National Curriculum subjects in a way that is interesting, appropriate and allows for practical activities. The School is committed to looking for opportunities to teach areas of the National Curriculum through cross-curricular themes and developing computing and the use of technology throughout the school. We are proud to offer 3 trips per year to all our children.

Website

Please use our website as a source of information about what's going on at school. You can find a school calendar of events, information about the curriculum and also have a look at 'News and Events' for a flavour of life at Arbury Primary School.

Expressive Arts

Expressive Arts forms a big part of school life. This has been acknowledged in our renewal of the Artsmark Gold Award in 2012 and currently in 2019. Our teachers ensure that there are always plenty of opportunities for our children.

At present we have a KS2 after-school choir, a Drama Club and a lunchtime school orchestra. Every child is involved in a large production each year using our school stage.

Teachers' planning, preparation and assessment time (PPA) has been used to increase the opportunities for Expressive Arts teaching. All children in KS2 are involved in a half-termly rotation of singing, drama and recorder in years 3 and 4. This gives them an excellent grounding for the 'sound start project' in year 5 in which all the children are allocated a woodwind, brass or percussion instrument and taught how to play in a wind band over the year. Many children continue to learn their instruments in year 6.

There is no cost to parents/carers for this music tuition or instrument loan.

Equality

We are very proud of our commitment to challenging prejudice and promoting equality. We are committed to upholding the universal values of mutual respect, acceptance and the celebration of difference. We have been a Stonewall School Champion for a number of years and currently hold the National Equality Award. We celebrate the wonderful diversity of our school through regular events including 'Be the Rainbow' for LGBT history month, 'Show Racism the Red Card', Black History Month and an annual Eid party.

Religious Education

Religious Education in the school follows the County's Agreed Syllabus. This reflects the multicultural society we live in. We hope that parents/carers will not wish to withdraw their children from religious education in the school as we seek to promote an understanding of the range of beliefs and cultures our school represents.

Please visit the school website to download the latest agreed syllabus.

Looking After Your Children

We believe that the school is a community that can only flourish happily and effectively in an atmosphere of mutual respect and consideration for others. The atmosphere in the school is therefore calm, friendly and purposeful.

Every member of staff will do everything possible to understand and help children to be happy and safe because we understand that happy children take the most from their learning.

How the School is Organised

The school is organised into 14 classes. There are two classes in each year group. The school is generally full in nearly all year groups with two classes of 30.

Positive Behaviour Policy

Our Positive Behaviour Policy is a whole school policy which has been developed as a result of discussions between staff, governors, parents/carers and children. It details our supportive, caring approach which operates within a well-structured and consistent framework. Our policy is based firmly on the idea of promoting good behaviour and we use rewards and praise to do this. However, the policy also recognises that there is a need for sanctions and we have clearly laid down what we feel is unacceptable behaviour.

Each class operates 'Golden Time' which takes place for 30 mins on a Friday. During this time, the children have access to Golden Time activities and resources. These resources are not used at any other time of the week; they are reserved purely for Golden Time. Lost Golden Time is not recoverable, but no child can lose all their Golden Time otherwise they lose the incentive to try and keep it.

Positive Behaviour Certificates are awarded for consistently good, reliable behaviour and attendance and are given out in assemblies on Friday mornings.

We regularly discuss and reinforce our Positive Behaviour Policy with the children and rely on your support in its implementation. We are, above all, concerned to maintain a school where there is a high standard of discipline and behaviour, and where the children feel safe, secure and happy.

Please enquire at the school office for a full copy of our positive behaviour policy.

Anti-Bullying Policy

At Arbury School, we will not tolerate bullying. We define bullying as: 'When someone deliberately threatens, frightens, abuses or hurts another person.' For example; persistent name-calling, harassment, threatening, physical violence, lying-in wait or verbal violence.

Arbury Primary School has a commitment to equality in respect of disability, ethnicity, culture, national origin, national status, gender, gender identity, religion, faith background or sexual identity. We do not tolerate bullying in any form. To ensure we create an inclusive environment we teach children to value and respect others. We are proud that our children and the school community welcome all newcomers and treat each other with kindness and respect.

We aim to prevent bullying, support victims, deal effectively with bullying when it occurs, continue to build upon our existing Positive Behaviour Policy and support the ethos of the School.

Please enquire at the school office for a full copy of our anti-bullying policy.

Positive Handling

Arbury Primary School is committed to ensuring that all staff and adults with responsibility for children's safety and welfare will deal with any incidents involving aggressive behaviour, and only use physical intervention as a last resort in line with DfE and local authority advice. If used at all, it will be in the context of a respectful, supportive relationship with the pupil. We will aim to ensure minimal risk of injury to pupils and staff.

Health and Safety

We regularly review our health and safety policy and procedures in school in order to promote the highest standards. This includes looking at records of common accidents in order to continue to reduce the risks within the school.

The local authority has issued guidance to all schools on Health and Safety issues relating to the wearing of jewellery and advises that, for safety and hygiene reasons, earrings and other jewellery (metal or plastic) must not be worn during any sporting activities (P.E. lessons, swimming etc.).

In view of this advice, we ask you to ensure that your child(ren) do not wear jewellery to school at any time. We are aware that a large number of pupils have their ears pierced, and providing earrings are removed before sporting activities, we are prepared to accept ear studs in school. We advise parents/carers to remove earrings on PE days as adults in school will not be allowed to remove earrings on behalf of children or take responsibility for the safe keeping of earrings once removed. We also hope that any new ear piercing is scheduled for the summer holiday as doing this in term time may result in children missing out on many sporting activities and clubs.

Arrangements for the Youngest Children

In the summer term we invite preschool children and their parents/carers, who are expecting to join the school in September, to come into school. We run 3 'Stay and Play' sessions for children to attend to give them a chance to play in the Reception area and meet the staff. During this time, we also arrange an evening meeting for parents/carers of new Reception children to discuss in more detail their children's school day and the activities they will be involved in. In addition, we also aim to visit children to observe them in their nursery settings.

We have found that a short, staggered admission system gives children the best chance of making a positive start. We understand that some parents/carers will need a full time place from the first day of term due to other commitments. If this is the case, please don't let this be a source of worry, just let us know so we can plan ahead.

The School Day

School **starts at 9.00am** and **finishes at 3.15pm**. It is very important that children arrive at school on time. Children may arrive at school from 8.45 am in the morning and many children enjoy playing with friends during this time. Children and their families may also stay for a little while after school finishes to play with friends.

Key Stage 1 children have 21 hours and 15 minutes of teaching each week. Key Stage 2 children have 23 hours and 35 minutes teaching each week.

Key Stage 2 children wait on the playground before school until just before 9.00 am when they should line up in their classes ready to be collected by their teacher. At the end of the day, their teacher will bring out the children in KS2 to the playground.

All Reception and Key Stage 1 children should be brought to school and collected by an adult. The KS1 entrance doors open just before 9.00 am so that parents/carers can bring their children into the building and see them safely through the classroom door. After 9.05am, parents/carers will need to take children to the main office as the electronic registers will have been completed.

At the end of the day, the doors to the KS1 playground are opened so that children can be collected from the classroom. Teachers will keep children in the classrooms until an adult collects them. It is therefore important that children are collected promptly. Written consent is needed for adults other than parents/carers to collect children under 5.

The school does run a breakfast club from 8.00 am in the morning. The breakfast club is subsidised by the school. The school also runs an afterschool club where children can stay until 6.00pm.

We do understand that there will occasionally be **exceptional** circumstances when parents/carers are delayed. Any children uncollected by 3.25pm or 10 minutes after extra-curricular clubs are brought to the main reception area until they are collected. A member of staff will mark children's names into the late collection book.

Please enquire at the school office for a full copy of our collection policy.

Attendance and Leave of Absence

We hope that your child's attendance will be as good as possible but acknowledge that there are times when children will be off school due to sickness. Please contact the school office and leave a message on the answer phone as soon as you can. We encourage good attendance in a number of ways, including rewarding children with certificates, awarding classes our attendance bear, maintaining regular contact with the Education Welfare Officer and writing to parents/carers when we are concerned about attendance.

We hope you will use the term dates when you plan your family breaks. We are no longer able to authorise holidays during term time. Absence from school can only be authorised in 'exceptional circumstances' and where attendance is at least 96%. Requests for leave of absence forms are available from the school office.

Please enquire at the school office for a copy of our attendance policy.

Complaints Procedure

It is very unusual for there to be any complaints about the school's curriculum. However, under the provisions of the 1988 Education Reform Act, schools are required to inform parents/carers of the procedure for dealing with complaints about the curriculum. These are as follows:

- 1) Informal Stage (discussions between parent/carer and teacher or headteacher.)
- 2) Formal complaint to the Headteacher
- 3) Formal complaint to the Chair of Governors
- 4) Formal complaint to a panel of the Governing Body

It is clearly in the interests of everyone involved that any concerns about a child's progress are voiced at an early stage. Discussion with the class teacher will usually sort out any problems. If this fails then the headteacher will become involved and act to remedy any issues.

Our complaints procedure can be accessed from the school website under the 'Information for Parents and Carers' tab.

Access to the Headteacher, Deputy Headteacher and Assistant Headteacher

The Headteacher's room is situated just inside the main entrance. The Headteacher is always pleased to see parents/carers when he is available. For quick visits, first thing in the morning or at the end of the school day is appropriate. If you wish for a longer meeting, please telephone or call in to make an appointment. The deputy headteacher and assistant headteacher are available daily before school and after school on the KS1 and KS2 playgrounds.

Cycles

We encourage children to cycle to school provided their bicycle is in a roadworthy condition. Bicycles may be left in one of our bike shelters at the owner's risk and should be secured with a padlock. For safety, we ask that children and adults dismount their cycles before entering the school site.

Health Matters

If your child has an accident or becomes ill at school, we may need to contact you quickly. Please make sure that the school has up to date information about how you can be contacted.

We do not have a nurse on site, but many of our staff members are trained to deliver first aid. Open wounds will be cleaned with water and covered. It is therefore very important that parents/carers take responsibility for changing the dressing and applying antiseptic if needed. If we think that injuries require further medical attention sooner than the end of the school day, we will contact parents/carers. Parents/carers will receive written notification of injuries above the shoulder.

If your child needs to take medicine during the day it is important that you hand the medicine in at the main office and fill in the form requesting the school to administer the medicine. Medicines must be clearly labelled and prescribed to the named child.

If you have any worries about your child's health we can ask for an appointment with a community nurse. In addition, if you are at all worried about your child's hearing or speech we can make a referral to start a process of hearing and speech checks.

Headlice

This is a subject which causes much anxiety in a family, but it is a fact that headlice are a very common problem. Headlice have become resistant to certain shampoos and lotions that you can get from the chemist, and in order to stop this happening to the rest, the effective lotions are rotated.

If you suspect that your child has headlice, please contact your pharmacist who will tell you which is the current effective lotion.

Dealing with Headlice

1. Check your child's hair once a week by washing hair and combing it through while wet with a detector comb.
2. If a live louse is found then treatment with a recommended lotion (not shampoo) should begin. You should only ever treat someone for headlice if you have found a living, moving louse.
3. The rest of the family should be checked at this time and treatment should begin on any other family member who also has headlice. Do not use treatment unless a living, moving louse is found.
4. Treatment should always be repeated seven days later (follow the instructions given with the lotion).

Child Protection

It may be helpful to know that the Local Education Authority requires Headteachers to report any obvious or suspected case of child abuse - which includes non-accidental injury, severe physical neglect, emotional abuse and/or sexual abuse. This procedure is intended to protect children at risk and schools are encouraged to take the attitude that where there are grounds for suspicion it is better to be safe than sorry. This does mean that Headteachers risk upsetting some parents/carers by reporting a case which, on investigation, proves unfounded. In such circumstances, it is hoped that parents/carers, appreciating how difficult it is for Headteachers to carry out this delicate responsibility, would accept that the Headteacher was acting in what were believed to be the child's best interests.

Please enquire at the school office for a full copy of our child protection policy.

School Uniform

Although school uniform is not compulsory in Primary Schools, parents/carers at Arbury Primary School have indicated their appreciation of the practical advantages of clear guidelines on the subject of school clothing. Children are expected to come to school in sensible clothing and footwear. Shoes with high heels or flip-flops are not suitable for running around at lunchtimes.

Our school uniform is based on the colours navy and yellow. School sweatshirts and fleeces in the school colours may be purchased from the School Office. Children are not allowed to wear football strips to school other than for P.E. A bag with the child's name on should be provided for these items.

The following items of clothing are recommended:

- trousers, tracksuit trousers, shorts, jeans, skirts, pinafore dresses
- shirt, T-shirt, polo shirt, sweatshirt, jumper

Please ensure that clothing provides enough protection for the range of activities that will be part of classroom learning and outside playtimes. Clothing should cover shoulders, tummies and the tops of legs.

We display examples of the current stock of school uniform, book bags and water bottles in the main reception area for you to have a look at. We keep a stock of school uniform, which can be purchased daily between 9.00am and 4.00pm from the school office. We also offer a range of free second hand uniform at events such as the half termly teas held after school.

Jewellery is not permitted to be worn in school other than stud earrings, which cannot be worn for sporting activities. We advise parents/carers to remove earrings on PE days as staff will not be allowed to remove children's earrings or take responsibility for their safe keeping once removed.

Any items of clothing found lying around the school are placed in a lost property basket. In KS1, lost property is kept in the KS1 corridor. In KS2, lost property is kept under the 1st stairwell. We manage the lost property by sorting through items on a regular basis. We return named items to children, display lost property at the end of the day for parent/carers to reclaim and eventually donate unclaimed items to charity. We will notify parents and carers when items are to be displayed at the end of the day so that they have a chance to reclaim them before we donate them to charity.

Valuables Including Mobile Phones

Please do not let your child bring valuables to school. They may get lost or damaged.

Children are not encouraged to bring mobile phones to school; they are best left at home. If any mobile phones are brought to school, we ask that they are clearly labelled, switched off, are handed in at reception at the beginning of the day and collected at the end of the day. The school as a whole and individual members of staff are not responsible for any losses or damage to clothing or other possessions.

Healthy Eating

Children are encouraged to eat healthily. In KS1, all children will be given a daily piece of fruit. In addition, we provide a water bottle free of charge to all children new to the school. Classroom water bottles are not for fizzy drinks or juices. All the taps in the classrooms can be used to refill the bottles. Children are not allowed to bring sweets or chocolate bars to school. Please also avoid sending in concentrated fruit snacks. Fresh fruit and vegetables make an ideal morning snack.

School Meals

School meals are cooked on the premises and are currently provided by Lunchtime Company.

It makes it much easier for the school if lunches are ordered and paid for every Monday morning for the week. Alternatively money for a whole term or half a term may be paid in advance. However, we do appreciate that some children may prefer to order a hot dinner on a daily basis. Children who bring a packed lunch should bring it in a plastic container, lunchbox or lunch bag (not a plastic bag) with their name and class clearly marked.

All children in Reception, Year 1 and Year 2 are entitled to receive a free school dinner until they enter KS2. You may find you qualify for meals in KS2 also. Our School Office can advise parents/carers about accessing a free school meal in KS2 and assist them with completing the paperwork.

Children who stay at school at lunchtime are looked after by teaching assistants, both in the dining hall and in the playground. Class teachers are not on duty during the lunchtime although senior managers ensure lunchtimes run smoothly.

Finding out about your child

If you wish to discuss your child or anything to do with their education, then please come into school and share your concern with us. Usually a chat will sort things out. All teachers are available by appointment on a Wednesday after school. Quick messages can be given just before school begins or after school.

During the year there is a meeting for parents/carers each term. These consultation meetings are to give you the opportunity to visit the school and see your child's work and to discuss his/her progress with the teacher. Each half term, the school invites parents/carers to open classrooms for half an hour at the end of the day

Home Learning

We define '*home learning*' as any work or activities which children are asked to do outside lesson time, either on their own or with parents/carers. It is the policy of the school to build the partnership between home and school in a variety of ways. One way is by asking parents/carers to become involved with learning at home.

Reading - We encourage parents/carers to read with their child on a daily basis and make an entry in their children's reading diary. KS1 children are asked to read 5 times a week.

Spelling - Parents/carers will be informed through the half-termly year group letter about the specific focus for spelling for the half term including example words.

Maths - We ask that from Y2, parents/carers help their children to practise their times tables.

Home Learning Projects - Class teachers will send home ideas for home learning projects each half term. We encourage parents/carers and children to find time to complete a project together and to bring them in at any time during the half term or after each holiday. Children will have the opportunity to share their home learning projects in class, whole school assemblies and as part of displays.

Please enquire at the school office for copy of our Home Learning Policy.

Parents/carers in School

An increasing number of parents/carers with children at the school are prepared to give up time to help teachers in their classrooms and in other ways. It is school policy to complete detailed checks in the same way as we check employees. This includes a police check (DBS), several references and a detailed induction before adults can volunteer in school.

Friends of Arbury

The school has an active group called the Friends of Arbury who continue to provide equipment for the school and organise events which add valuable experiences to school life. Various social events and fundraising activities are organised. The events include half termly teas in which parents/carers are encouraged to stay after school for a cup of tea, something to eat and a chat, as well as events for the children throughout the year.

Transferring to Secondary School

Children transfer to Secondary School at the end of the year in which they reach the age of eleven. Children from Arbury transfer to a number of different secondary schools, and parents/carers can visit these schools and meet the staff during the children's final year. Staff from the secondary schools visit Arbury and consult carefully with our staff about the children who are coming to them.

Educational Visits

Class visits are generally arranged termly to support learning. Parents/carers will be told about any visits and the voluntary contribution to cover the cost well in advance. We subsidise most trips, capping trip contributions at £10 to limit the costs to parents/carers.

The Governing Body have adopted the Local Education Authority's Policy for Charging for non-school activities which is available from the school office upon request.

Arbury Primary School does not ask for contributions from those children who are in receipt of pupil premium funding as this funding is used to cover the cost of the trip.

Sex and Relationships Education

Our Sex and Relationships Education does not go beyond the National Curriculum for Science, therefore parents/carers are not able to withdraw their children from the Statutory Science Curriculum. The Science curriculum is delivered in ways appropriate to the ages and stages of the children.

Admissions Policy

There is a planned admission number of 60 children each year. Parents/carers will be directed to the local authority admissions team, who manage all admissions to the school. Once a place has been allocated, parents/carers are invited to contact the School Office and make an appointment with the Headteacher to discuss the admission of their child(ren) to the school.

Oversubscription Criteria:

Children who have a statement of special educational needs that names the school will be admitted. NB: Those children with a statement of special educational needs that does not name the school will be referred to Student Assessment to determine an appropriate place.

1. Children in Care, also known as Looked After Children (LAC).
2. Children living in the catchment area with a sibling at the school at the time of admission.
3. Children living in the catchment area.
4. Children living outside the catchment area who have a sibling at the school at the time of admission.
5. Children living outside the catchment area who have been unable to gain a place at their catchment area school because of oversubscription.
6. Children who live outside the catchment area, but nearest the school as measured by a straight line.

In cases of equal merit in each set of criteria, priority will go to children living nearest the school as measured by a straight line.

Please enquire at the school office for a full copy of the admissions policy.

Inclusion

Our school aims to be an inclusive school. We hope to make all our children welcome, feel happy and look forward to their school day. Every child is different and we view differences as an opportunity for adults and children alike to learn more about ourselves.

If your child has a special educational need or disability, he or she will be treated no less favourably than other applicants for admission. The school has a policy for supporting children with special educational needs (and supporting those children who are gifted and talented) which is revised every year. The full policy is available from the school office or download from the school website. Our aim is for all children to have access to all aspects of school life, as far as is reasonable and practicable.

We aim to prevent disabled pupils in our school from being placed at a substantial disadvantage. We will take all reasonable steps to ensure that people with a disability are not treated differently without lawful justification. We will make reasonable adjustments for disabled pupils and we will know we have succeeded when disabled pupils are participating fully in school life.

In order for effective partnership working between home and school to take place, we anticipate that parents/carers will want to:

- inform the school at the earliest opportunity if their child has a disability and the exact nature of it;
- provide the information the school needs to plan effectively for the child to be a full member of the school community;
- acknowledge that when deciding whether an adjustment is reasonable, one of the factors the Headteacher must consider is the effect of the proposed change on all members of the school community;
- recognise the importance of school and home working in partnership.

The school has adopted the graduated response to special educational needs assessment and provision, as recommended by the SEND Code of Practice (2014). If you have any concern about the special educational provision for your child, or about special educational needs provision generally, please speak to Sophie Evans, our inclusion leader.

Please enquire at the school office for a copy of our Inclusion Policy.

Mr Ben Tull
Headteacher
Arbury Primary School

Dear Mr Tull

Short inspection of Arbury Primary School

Following my visit to the school on 23 March 2018, I write on behalf of Her Majesty's Chief Inspector of Education, Children's Services and Skills to report the inspection findings. The visit was the first short inspection carried out since the school was judged to be good in March 2014.

This school continues to be good.

The leadership team has maintained the good quality of education in the school since the previous inspection.

Working alongside a strong and experienced team of leaders, you have created a very special ethos that is highly praised by staff, pupils and parents and carers. This is fully inclusive and makes clear that each individual is precious. Parents said that they and their children are treated with respect and that school staff do all they can to support them. Families very much embrace the values of the school and praised the way that any concerns are dealt with. One parent said, 'They put a lot of time into teaching the kids to respect difference and challenge stereotypes.' Another said, 'They don't talk about inclusion; they live inclusion.'

The school is a hive of activity, with interested, enthusiastic pupils and energetic staff. Pupils have very positive attitudes to learning. They enjoy finding out new things and work very well together. Teachers have high expectations of them. Pupils take a pride in their work and this is reflected in the neat presentation in their books and in their tidy handwriting.

You have worked effectively to maintain and build on the many strengths identified at your previous inspection and to tackle the areas for improvement. Writing, in particular, is much stronger. Pupils have many opportunities to write at length. They write in different subjects extensively, not just in English. The work in their topic books is of the same good quality as it is in their English books. For example, in

science, Year 6 pupils wrote knowledgeably about the life of Mary Anning, the fossil hunter. Rigorous monitoring by leaders ensures that teaching remains consistently good, with teachers in all classes expecting much of their pupils. Pupils are confident to use a range of sentence structures. In 2017, their English grammar, punctuation and spelling were in line with the national average in the national assessments at the end of Year 6.

The school not only ensures that pupils do well academically; it also offers a rich and vibrant curriculum that gives pupils memorable experiences and enables them to excel in music, drama, the arts and sport. During the inspection, pupils in Years 3 and 4 were rehearsing for their end-of-term production, 'Robin and the Sherwood hoodies', with great skill and verve, demonstrating that singing and acting are real strengths.

The school has established a well-deserved reputation for celebrating difference, and its excellence as a school where all pupils are respected and allowed to be themselves is something the school community values highly. For example, leaders have put together practical advice for schools with a child transitioning gender. They believe it is important that families and young people know that equality is a legal right. The school gives out a clear message to everyone that here is a safe space. As one parent put it, 'I admire all the work the school does to promote open-mindedness, tolerance and inquisitiveness in the children.'

Governors know the school well. They consider progress against the school's termly 'raising attainment plan' at each meeting, and minutes show that they ask probing questions. They have supported a restructure of the leadership team so that you have more time to work on future plans, freed from some of the routines that others could do. Governors recognise that more can be done to raise standards for the early years children and diminish differences between disadvantaged pupils and others.

Safeguarding is effective.

You have ensured that a culture of safeguarding permeates the work of the school. There is very strong pastoral support for pupils and their families. You have invested heavily in the expertise of an educational psychologist, a speech therapist and counselling and independent outreach services to enable the school to respond to needs promptly. Leaders keep very careful records of concerns and work closely with other agencies. They will challenge if they are not happy with any decisions that are made that affect their pupils.

The single central record of employment checks is complete and thorough, additionally listing the safeguarding training that all adults have received. Staff work hard to engage parents and have established positive relationships with families over time. They have built up a level of trust whereby sometimes families approach the school for support. Pupils said that they feel safe in school and bullying is not an issue. They said that they can approach staff with any concerns and are confident that they would be dealt with.

Inspection findings

- In order to make sure the school remains good, I identified a number of lines of enquiry that we agreed at our initial meeting. First, we considered how provision in the early years ensures that the proportion of children reaching a good level of development rises to at least the national average. This was because, in previous years, weaker standards in writing kept scores low.
- Children often join Reception with skills below what is typical for their age. The provision is strong. Children are happy and settled. They have plenty of opportunities to write, both with an adult and on their own. For example, children wrote sentences in response to finding in the woods a giant golden egg that had been lost. Children form their letters with confidence and begin to spell phonetically.
- You acknowledge that standards have been too low in the past, but a focus on improving writing this year means that more children are on track to reach a good level of development. Targets have been raised in response to the good progress that children have made.
- Next, we considered how well middle leaders use data to raise standards in their different subjects. This was an area to improve at the previous inspection. A new tracking system has been adopted since the previous inspection, and this is ensuring that middle leaders track pupils' attainment and progress effectively. They are using this information well to gain an overview of standards in their subjects. This more rigorous approach has contributed to the rise in standards in subjects other than English and mathematics.
- Finally, we considered what the school is doing to ensure that disadvantaged pupils attain as well as other pupils, especially in key stage 1. This was because differences were considerable between the attainment of disadvantaged pupils and that of others in the key stage 1 assessments in 2017.
- The school has appointed a 'virtual pupil premium teacher' to champion the progress of disadvantaged pupils. She helps pupils to overcome barriers to learning and to understand how to learn. Teachers work hard to raise the aspirations of all pupils, but particularly of the most vulnerable. This has had a positive impact for current Year 2 pupils, for whom differences from other pupils, particularly in writing and mathematics, are much smaller than last year.
- You recognise that there is still work to do to diminish these differences in some other year groups, including in the current Year 3. While disadvantaged pupils make good progress, in some cases they do not make enough accelerated progress to catch up with their classmates, who also achieve well.

Next steps for the school

Leaders and those responsible for governance should ensure that they:

- build on work to improve writing in the early years so that the proportion of children reaching a good level of development moves closer to the national

average

- continue to diminish differences between the attainment of disadvantaged pupils and the others by the end of each key stage.

I am copying this letter to the chair of the governing body, the regional schools commissioner, and the director of children's services for Cambridgeshire. This letter will be published on the Ofsted website.

Yours sincerely

Nick Butt
Ofsted Inspector

Information about the inspection

During the inspection, I held meetings with you, other school leaders, four governors including the chair, and pupils. I held a telephone conversation with a representative of the local authority and with an independent adviser. We visited all classrooms. We also observed a rehearsal for the end-of-term production. I examined a range of documents, policies and assessment information. I considered 57 responses from parents to Ofsted's questionnaire, Parent View and 55 free-text responses and spoke to parents in the playground before school. I also noted responses by pupils and staff to their respective questionnaires.

Arbury Primary School Policy Statement on the Recruitment of Ex-offenders

In accordance with the Disclosure and Barring Service Code of Practice this policy is made available to all job applicants at the outset of the recruitment process. The DBS Code of Practice is available at <https://www.gov.uk/government/publications/db-s-code-of-practice>

- As an organisation which uses the Disclosure and Barring service, the Governing Body of the school complies fully with the DBS Code of Practice and undertakes not to discriminate unfairly against any subject of a Disclosure on the basis of conviction or other information revealed.
- We meet the requirements in respect of exempted questions under the Rehabilitation of Offenders Act 1974. A DBS check will therefore be carried out before appointment to any job at the school is confirmed. This will include details of convictions cautions and reprimands, as well as 'spent' and 'unspent' convictions. A criminal record will not necessarily be a bar to obtaining a position.
- We are committed to the fair treatment of applicants on all protected grounds and in relation to all history of offending.
- We promote equality of opportunity for all with the right mix of talent, skills and potential and welcome applications from a wide range of candidates, including those with criminal records. We select all candidates for interview based on their competencies, qualifications and knowledge.
- Application forms and recruitment information will contain a statement that job applicants will be required to disclose their criminal record if they are invited to interview and a DBS check will be carried out if they are offered the job. The information will only be seen by those who need to see it as part of the recruitment process.
- At interview, or in a separate discussion, we ensure that an open and measured discussion takes place on the subject of any offences or other matter that might be relevant to the position. Failure to reveal information that is directly relevant to the job sought could lead to withdrawal of an offer of employment.
- We undertake to discuss any matter revealed in a Disclosure with the person seeking the job before withdrawing a conditional offer of employment.
- We ensure that people at the school who are involved in the recruitment process have access to professional advice to identify and assess the relevance and circumstances of offences. We also ensure that they have received appropriate guidance in the relevant legislation relating to the employment of ex-offenders, e.g. the Rehabilitation of Offenders Act 1974.

Having a criminal record will not necessarily bar you from working at the school. This will depend on the nature of the position and the circumstances and background of your offences.
