

16.6.22

Dear Parents and Carers

**Forecast of very hot weather – tomorrow, Friday 17<sup>th</sup> June**

As you will be aware, the weather tomorrow is expected to be extremely hot indeed.

We will be taking particular care to make sure children are drinking plenty of water, spending time in the shade when outside and limiting vigorous physical activity, in line with the Government advice circulated to us by the Local Authority today.

**Please remember:**

- Sun hats
- Sun cream (either send it (named) into school or apply before children come in)
- Water bottles
- Clothing which covers shoulders so they are protected against the sun

**Y3/4 and Y5/6 football clubs**

We have also taken the decision to cancel KS2 football clubs after school tomorrow – apologies for this, but we will hopefully be fine for the rest of the term!

I have attached a 'Beat the Heat' poster which also came through from the Local Authority today.

Wishing you well in the heat!  
Kind regards

Diane Rawlins  
Deputy Headteacher
