Dear Parents / Carers,

Once again it has been another exciting and busy year in the life of Arbury Primary School. We wanted to let you know what the governing body has been up to on your behalf.

Much of the year has been spent preparing for the extension of the expressive arts hall. This will give us more capacity for parents to come and see children's assemblies as well as much needed classroom space for targeted interventions and hopefully some community use. This project will begin this summer and we hope it will be completed before Christmas.

The school's finances are in very good health, thanks to careful financial management by Mr Tull and excellent support from our finance officer Mrs Black and the finance committee. This means we have been able to support many improvements which you can see throughout the school and we have been able to purchase 84 iPads for school use. We have also been able to invest in new staff and we are looking forward to Mr Grimmer, Mr Holt, Mrs Phetpraphai and Miss Telfer joining us as teachers along with Mr Milan-Fernandez and Ms Carter as teaching assistants.

We have been very pleased with the outcome of this years SATs results and as a governing body we would like to express our thanks to all the staff at Arbury Primary School and to the parents for their continued support. Next year we will continue developing the curriculum and hope to have more school trips running throughout the year.

The school continues to be supported by a committed governing body and hard working Friends of Arbury. If you are interested in joining us, please come and ask at the office or contact me.
