

Summer 2 2022 – Home Learning Ideas
Early Years Foundation Stage
Long, Long Ago

Each week, we will send out an update on Seesaw to let you know our weekly focus and how you can support your child at home. You may, however, also wish to take the time to complete a project at home this half term. Here are some possible starting points, or you may have an even better idea for a project. Please send a picture or video of your completed project through Seesaw to be shared in class.

Your own idea!
 Do you have your own exciting idea for a project? We can't wait to see what you come up with!

Look at photographs from when your grown-ups were children and ask them about how life was different when they were little. You might like to think about what phones were like, or memories of school and home.

Make a castle! You might like to use old cardboard boxes, lego, building blocks or other toys you may have. Send us a picture or video of your completed project through Seesaw to be shared in class.

Find out about different dinosaurs. You might like to make dinosaurs or draw pictures to share with your friends in class. Send us a picture or video of your completed project through Seesaw to be shared in class.

Remember to send us a picture or video of your home learning on Seesaw!
