

Summer 2 2021 – Home Learning Projects Early Years Foundation Stage **Long, Long Ago**

You may wish to take the time to complete a project at home this half term. Here are some possible starting points, or you may have an even better idea for a project. Please send a picture of your completed project through seesaw or eSchools to be shared in class.

- Draw and label a picture of the oldest thing in your home
- Talk to a grandparent or family friend about what their childhood was like
- Visit a 'virtual museum' to view their online collections, e.g. [The Museum of Cambridge](#) or the [National Railway Museum](#)
- Find out about an invention from the past e.g. telephone, aeroplane, bicycle
- Use the internet to research the past, perhaps you could find out what a dolly peg is or what toys children played with in the past
- Find out about Barbara Hepworth or another artist from the past and have a go at creating your own artwork
- Visit the library (or use their '[select and collect](#)' service) to find information books about the past
- Make or draw a collage/ painting/ model/ picture of something from the olden days.
