If you have colouring pencils at home, don’t forget to colour your animal in.</p>
Other things to try out this week: Theme: Animals	
<p>This week we would like you to design and make your own zoo animal. Think about the resources you have at home and create an animal of your choice. You may wish to use a paper plate and some tissue paper or you could paint a picture of your favourite zoo animal. If you have any recycling at home you could use those materials to make your animal. We know how creative you all are, so have fun! As always, send us some pictures via eSchools so we can see what you have made.</p>
