

## Art/DT

Create a board game or outdoors game based on Anglo Saxons and Vikings. Add in some interesting facts on the Anglo-Saxons and Vikings to your game.

## Creative Writing

Write a short story or a comic strip about Loki the mischief maker. What could he do to cause mischief? Why does he like being cheeky? Who tries to stop him or change what he has done?

## History: Anglo-Saxons and Vikings Part 1

### Science: Materials

You may wish to take the time to complete a project at home this half term. The project should be based around our current history topic or science topic.

You can bring in completed projects at any point during the half term so that they can be shared with the class.

Here are some possible starting points, or you may have an even better idea for your project!

**Do you have your own exciting idea for a project on this term's learning?**

## History and Geography

Create your own map of where the Vikings travelled to and from.

Look up the old Viking language of runes. Write your name in runes. See if you can do the same for the names of people in your family.

## Science

- Find out about what materials different household objects are made from. What properties make that material suitable?
